

Combiflex VA Threaded Sockets Food

cast-on VA threaded socket with male thread to DIN ISO 228 for all Master-PUR Food hoses, food-safe EU 10/2011

Product Details

Construction / Material

- Specification of the connection solution: connection thread is designed according to DIN ISO 228, streamlined, liquid-tight connection
- Execution of the sprue / collar: made of specified material
- Material of the sprue / collar: polyurethane
- Specification of the sprue / collar: approved for direct food contact according to EU Directive 1935/2004, 10/2011 and its latest amending Directives, material complies with the food regulations of BfR XXXIX, PU cast-on section approved for direct food contact
- Execution of the nozzle: hose threaded connector design, cast with polyurethane, made of metal, external thread according to DIN ISO 228
- Material of the nozzle: stainless steel 1.4310

Properties

- Chemical Properties: stainless, good resistance to chemicals, odourless and tasteless
- Mechanical Properties: excellent mechanical tensile strength and tear resistance
- Colour: white
- Other: dissipation of electrostatic charge by grounding connection between hose and fitting

Operating Temperature

- Temperature Range: -40 to 90 °C
- short-term maximum temperature: peaks to 125 °C

Delivery Information

- Delivery, type of production: order-related production

Article Variants

Article number	DN of the hose in mm	Piece weight in kg	Connection in Inch	Outer Ø of the sprue on the hose side (d3) in mm
